American Rescue Plan Act

The Early Learning Resource Center has been able to award over \$20.7 million in ARPA funding to eligible providers. Payments will continue until all programs have received their six-monthly installments. ARPA payments are taxable income so we recommend programs work with their tax advisor for any questions.

In addition, all providers should have received their IRS form 1099 from Community Services for Children. Amounts WILL include ARPA payments received in 2021 so your amounts will look higher than typical. If you have not received your 1099, please reach out to your Provider Specialist.

Families can usually find VITA sites in community and neighborhood centers, libraries, schools, shopping malls, and other convenient locations. Health & Safety

Face Coverings in Child Care

As of 12/10/21, masks were no longer required to be worn by children or staff in a child care setting. However, CDC continues to recommend masking as a critical public health tool for preventing the spread of COVID-19.

- Masks are effective at reducing transmission of the Coronavirus when worn consistently and correctly.
- Choose a well-fitting and comfortable mask that your child can wear properly. A poorly fitting or uncomfortable mask might be worn incorrectly or removed often, and that would reduce its intended benefits.
- Choose a size that fits over the child's nose and under the chin but does not impair vision.
- Clear masks or cloth masks with a clear plastic panel are an alternative type of mask that may be helpful when interacting with certain groups of people.

Visit [PA Key](#) for up-to-date guidance.

Reporting COVID cases

The Pennsylvania Department of Health (DOH) has provided two options for Department of Human Services (DHS) certified child care facilities to report positive COVID-19 cases, either by email or phone. This resource has updated counties and provides an [outline of the process](#) that should be followed when reporting cases to DOH. Click [here](#) for more information.

PQAS First Aid Instructors

Instructors delivering First Aid/CPR modules must be PQAS approved and use an OCDEL approved Pediatric curriculum. The approved curriculum list can be found on the [PA Key website](#).

Any questions regarding PQAS status of trainers can be directed to Amanda Janeshefski amajan@pakeys.org.
