Active Play for Preschoolers with Autism—WE PLAY

WE PLAY stands for Wellness Enhancing Physical Activity for Young Children. This course is designed to provide early childhood educators with tools and support to facilitate active play with preschool children. WE PLAY offers strategies for incorporating physically active play into preschool, including adaptations for children with autism spectrum disorder. (K7.3 C2, CDA1) 2 hours

Learn to:

- Increase understanding about physical activity in preschoolers, including those with autism
- Develop confidence and skills leading physically active play
- Establish an action plan for implementing physically active play for preschoolers with autism
