

EARLY LEARNING RESOURCE CENTER VIRTUAL CURRICULUM FAIR

Presented By: Community Services for Children, Inc.
Early Learning Resource Center Region 12

Date: April 19th, 2023

Time: 1:00 – 3:00 PM

Have you been interested in adding or changing the curriculum in your program, but have not had the time to research them all? Do you have questions related to your current curriculum? Or maybe, you just do not know where to start... this event is for YOU!

Please join us on Wednesday, April 19th, 2023 at 1:00 PM for a Virtual Curriculum Fair! During this event we will be joined by a variety of OCDEL approved curriculum vendors. You will have an opportunity to hear a brief overview from each vendor, and travel to breakout sessions with each vendor to ask questions and learn more! All providers are welcome!

Participating Vendors

To learn more about each vendor, please see next page!

Pre-registration for this event is required.

Frog Street offers specific curriculum for every age and every stage of development from birth to age 5. We understand that as children grow, their needs change. Frog Street programs offer developmental and learning continuums that allow children to build on previously mastered skills to more readily achieve new skills in a seamless and continuous way. We offer a broad range of digital content to support educators in virtual instruction and to make it easier for home caregivers to practice key skills outside the classroom.

Learning Beyond Paper is a new, OCDEL approved, digital 21st century curriculum that puts everything early learning educators need at their fingertips for an affordable price. Designed to address a severe gap in affordable, high-quality, equity, and environmentally friendly curriculum, Learning Beyond delivers a research-based, classroom-tested world of solutions to preschool providers across the U.S. Active learning of STEAM-Science, Technology, Engineering, Art, and Math is emphasized throughout our curriculum because we know that hands on means brains on! Learning Beyond curriculum includes 52 weeks of lesson plans and over 4,000 daily activities for infants through Pre-K. Teacher training is built into daily activities and Professional Development is included with our subscription! Explore more with a free 1-month trial!

HighScope supports early childhood education programs around the globe to ensure every early childhood educator is supported and every child from birth to age five (5) can thrive. Its "Active Learning" approach to early education delivery systems, foster's creativity, curiosity, confidence, independence, initiative, and persistence in each child as they carry out their intentions, solve problems, and engage in a variety of learning experiences.

Experience Curriculum is a research-based early learning system for childcare centers, family childcare and homeschool settings. Our curriculum system uniquely weaves 35 research-based skills into playful games, activities and projects. Each curriculum program, infant, toddler and preschool, uniquely combines professionally-designed lesson plans with a toolbox of hands-on materials that will surprise and delight each child's curiosity. As children participate, they naturally grow in all areas of development, including social-emotional, physical, language and cognitive development. Beyond curriculum, we are a community of educators with a mission to help all children embrace their unique strengths, grow confidence and love others.

Teaching Strategies curriculum, assessment, professional development, and family engagement resources work together to take the guesswork out of individualizing instruction and educating the whole child. Teaching Strategies integrates all of the essential elements of a high-quality early childhood education into a single, powerful platform that works hard for teachers. While all Teaching Strategies resources can be used independently, they have the capacity to transform teaching and learning when used together.

Are you looking for a curriculum for your mixed-age group that is recognized as providing comprehensive coverage by the OCDEL? Then Gee Whiz is a great choice! Gee Whiz is designed for providers with mixed-age groups (especially family child care providers!). Our lesson plans are easy-to-use, address all 10 developmental levels and cover 40 Learning Indicators (skills). Best of all, Gee Whiz is extremely affordable so it fits in tight budgets.
