

***Are you the parent of a preschool child?
Do you have concerns about your child's language skills?
Would you like to learn how to help your child?
We invite you to learn about Parents Plus!***

What Is Parents Plus?

At Lehigh, we are testing a free program called *Parents Plus*. *Parents Plus* is an on-line program that teaches parents how to help their children with their language skills. You learn through sessions on an app and a personal Coach. Parents complete *Parents Plus* at any convenient location or time (daytime, evenings, or weekends).

How Do I Know if Parents Plus is Right for My Child?

The *Parents Plus* program is for parents who have preschool children (ages 3-5) who have limited language skills. Children may be receiving speech-language services already but they do not have to be. *Parents Plus* works on helping children learn new words and speak in longer sentences.

With your permission, we will do some fun tasks with your child for about 60 minutes to see what their language level is. We will then let you know if *Parents Plus* is a good match for your child and see if you are interested in learning more about participating in *Parents Plus*.

Do I Need to Go Anywhere?

No! We will go to your child- either at home or preschool or another location of your choosing.

What will Parents Receive for Assisting with Parents Plus?

You will receive a \$15 Amazon gift card once we assess your child's language skills.

How do I Learn More?

Contact the Parents Plus team
by completing this [google form](#)

Visit our [Facebook page](#)
to learn more

Go to our [website](#)
to learn more

You can also contact Brook Sawyer, Lehigh University at brooksawyer@lehigh.edu; 610-758-3236.

* By contacting us, you are not required to participate...it ONLY means that you want to learn more information about the project.
