ELRC Updates

Child Care Works Reminders

Winter Weather Closures

This is the time of year when winter weather can prompt program closures. Providers who use PSS will have until the 5th of the following month to report closures. Providers who do not use PSS must contact their provider specialist within three days of reopening the facility in order to receive a paid closure.

The subsidy program will pay for a maximum of 15 closed days per year from July 1 through June 30th for which the provider also charges private-pay families.

40 Day Absence Policy

Remember to report child absences accurately on your invoice each month. CCW enrolled children are allowed up to 40 absences from July 1 - June 30th. Failure to report absences timely may result in enrollees exceeded the 40 days limit, thus making those days ineligible for payment to the provider.

Annual Registration Fees for CCW Children

OCDEL has been paying for registration fees for all newly enrolled CCW children since January 2023. This registration fee is automatically added to the provider invoice for the service period in which the enrollment was effective, regardless of whether the provider charges a registration fee. If you charge all families an additional **annual registration fee**, you can request that this fee also be paid by the ELRC for all enrolled CCW children. Verification of this charge, through a family handbook policy or service agreement for example, must be sent along with the request form. Click [here](#) for the Annual Registration Fee request form.

Please note that providers cannot charge CCW families registration fees or the difference between what the ELRC pays for a registration fee and what the provider charges private pay families. ELRC will not pay any other type of fee such as waitlist fees, field trip fees, etc.

Please contact your Provider Specialist with any questions.

Continuous Quality Improvement Grant

The Office of Child Development and Early Learning (OCDEL) has announced a new grant opportunity for STAR 2, 3 & 4 providers. This one-time award will allow programs to maintain and invest in quality activities and expenditures that will positively impact the children in their care.

Please read through the [ELRC Policy Communication](#) and [FAQ document](#) for full award eligibility and grant details. Let your Quality Coach know if you have any questions.

Eligible providers should have received their award letter. If you have not received it, please reach out to your Quality Coach who can forward the letter to you. This grant must be accepted or declined by **February 15, 2024**.

Once you have reviewed the award letter, please sign the acceptance and return to elrc-ksgrants@cscinc.org.

Free Books for Read Across America Day

The [Literacy Empowerment Foundation](#), invites your program to apply for FREE books for Read Across America Day. During the past year, LEF has distributed over 3,000,000 books to schools all across the country for Read Across America Day and other literacy projects.

Books are free but providers pay shipping and handling which comes out to \$0.88 cents per book. Orders must be received by February 11th, 2024.

Books can be ordered online at <https://www.lefbooks.org>. E-mail any questions to info@lefbooks.org.

ECE Data Management Software

Are you interested in finding out more information about data management software to help you track attendance, child illnesses, invoicing, communications, staff schedules and more?

ELRC Region 13 will be hosting a virtual Data Management Systems fair on February 21, 2024 from 1:00-3:00 pm. Five vendors will be available to explain their program and answer any questions you may have.

Click on the flyer below for more information. Pre-registration is required for this FREE event.

Kindergarten Registration

Many school districts will begin Kindergarten registration in January. While most children begin Kindergarten at five years old, each school district sets their own cut-off dates based on the child's birthday. Click [here](#) for a complete listing of cut-off dates by school district across the state.

There are also some newsletters to share with families to help children prepare for this transition time. Take a look and then [subscribe](#) to get the next release directly into your inbox.

development of young children, with an emphasis on trauma-informed care. Conference sessions also address self-care.

Audience: Directors and teachers of Pennsylvania licensed child care centers, group child care, family child care homes, and after school care.

Location: Hershey, Pennsylvania. Additional details on registration and logistics will be provided soon.

Financial support for overnight room accommodations will be available for participants. There is no registration fee for this conference. Additional details coming soon!

Parent Project Podcast

Community Services for Children has been hosting the Parent Project Podcast to engage families in areas of common concern for parents. Experts provide perspectives on topics of health & safety, mental health, child transition and other important subjects.

Please consider sharing these podcasts with the families in your program!

This month, we are joined by Dr. Brown from the Children's Clinic at LVHN. Dr. Brown discusses promoting healthy brain development in young children and the importance of social connection. Click [here](#) to listen.

Health & Safety

School Age Child Care Mental Health

Consultation

The PA Key is now offering SACC Mental Health Consultation appointments. This service utilizes a consultant who problem-solves and collaborates to develop goals for social-emotional concerns, behavioral or developmental concerns, emotional well-being of staff and partners with the family.

For more information regarding the program and scheduling an appointment, please see the flyer below:

Oral Health - The Importance of Caring for Baby Teeth

Healthy mouths are important, especially for babies and young children.

- Poor oral health can cause children to have problems eating, speaking, and learning.
- Baby teeth are important because they hold space for adult teeth.

A healthy mouth is important for overall health.

- Cavities can be painful and lead to infections and other health problems.
- Cavities can be prevented with proper oral care.

Click [here](#) for a flyer to share with families about the importance of caring for baby teeth.
