### Region 13 Updates

---

#### Reading Area Community College - 24<sup>th</sup> Annual Celebrate Children Fair

Early Childhood Education students are holding the annual Celebrate Children Fair at Reading Area Community College (RACC) on **Saturday, April 20th**. The theme will be "On the Farm". This fair is held for children to come out and enjoy activities and create art projects planned by the students of the Early Childhood Education Program. The event is for children from toddlers through age eight and is free for all to attend.

If you would like to set up a table to display your business, you may do so at no charge. However, sales are not permitted on the day of the event. Please register [here](#) to reserve a table. You could also provide a handout to give to each child that attends (coupons, flyers, pencils, etc.). Approximately 150 children are expected. If you would like to provide a handout but will not be attending, RACC will be happy to pick up your donation. Please contact Nancy Jackson at [njackson@racc.edu](mailto:njackson@racc.edu) with any questions.

---

#### CPR and Pediatric First Aid Training Opportunities

The United Way of Berks County is hosting several CPR and Pediatric First Aid training sessions between now and December 2024. Click [here](#) to view the flyer.

---

#### Reading Science Center - Celebrate Science Day

The Reading Science Center is hosting their first "Celebrate Science Day". This event will take place outdoors on **April 28th** at Drexel University College of Medicine in Wyomissing from 1:00 to 5:00 p.m. There will be everything from a beekeeper, building mini cars for racing, aquaponics activities, skeleton puzzles, reptiles & amphibians, fire prevention from the Wyomissing Fire Department, a strolling robot and dinosaur, music, food and much more! Best of all, it is free to the public! View the flyers below:

## Schuylkill Community Action Needs Assessment 2024 for Providers

Schuylkill Community Action is conducting a community needs assessment. Use this [link](#) to access the survey. Thank you for your participation. Your input is invaluable.

---

## Region 13 Provider Supports

### Director's Network Group

At our Director's Network meeting in March, we came together to share ideas and brainstorm field trips and on-site programs for summer camp. Directors shared what they have planned for this year, as well as successful trips and programs from previous years. Many free options were discussed, including 4H clubs, libraries, local historical centers, and using parents as a resource to share talents with the campers. Berks and Schuylkill both have a summer reading program through the library that children can participate in and earn prizes. We also talked about utilizing your local community Post Office, Police Station, pizza shop or grocery store as a low cost trip for summer campers.

Please join us for our April Director's Network on Wednesday, April 10<sup>th</sup> at 1pm, where we will be hosting several experienced Directors who will share their expertise with the group. This meeting will take place on Teams, so keep an eye on your email from your Quality Coach for the Teams invite. Bring your questions and join the discussion!

### ELRC Region 13 Calendar

Check out our calendar for a quick reference of all regional support activities and professional development opportunities.

# ELRC Updates

## Continuous Quality Improvement Grant

Eligible STAR 2, 3 and 4 providers who applied for the Continuous Quality Improvement Grant, received their payment in March.

It is required that you account for the spending of these award dollars. Keep all receipts for eligible expenses, including payroll records to verify staff bonuses have been paid through payroll and taxes deducted appropriately. All expenses must have occurred from July 1, 2023 - May 8, 2024

Please read through the [ELRC Policy Communication](#) and [FAQ document](#) for full grant details and schedule a meeting with your Quality Coach to complete your Final Expense Report. Final Expense Reports are due to the ELRC no later than May 15, 2024.

## Registration Fees

As of January 1st, 2023, certified child care providers receive a registration fee for all newly enrolled CCW children. This registration fee is automatically added to the provider invoice for the service period in which the enrollment was effective, regardless of whether the provider charges a registration fee.

Providers **cannot** charge CCW families an additional registration fee or the difference between the ELRC's registration fee and what the provider charges private pay families for a registration fee. ***Charging CCW families a registration fee could result in termination of the provider agreement.***

Child Care Centers - \$75  
Group Child Care Homes - \$50  
Family Child Care Homes - \$50

## ***Annual Registration Fees***

The ELRC will pay an annual registration fee for your CCW enrolled children if your program charges an annual registration fee to your private pay families. This fee must be requested using this [form](#).

**Please Note:** the ELRC will not pay any other type of fee such as summer enrollment fees, school year registration fees, waitlist fees, field trip fees, etc.

Prior to authorizing these annual fees, the ELRC must receive a one-time verification of these charges. This may include a copy of your family handbook or family contract that states all families are charged an annual fee every year.

If you have any questions, you can click [here](#) to read OCDEL's Announcement ELRC 22-09 explaining this policy or reach out to your Provider Specialist.

### Directors Network - Finding and Retaining Staff for Child Care Providers

CSC's ELRC Region 16 is inviting you to attend their monthly Directors Network "Finding and Retaining Staff for Child Care Providers." This group will meet via Teams on April 17th from 1:00-3:00 pm.

Multiple breakout rooms will be offered to address the following topics:

1. Finding the Right Fit: Learn effective strategies and tools to identify and attract the right staff.
2. Onboarding New Hires: Get a plan for the first 90 days to ensure a successful transition.
3. Staff Retention Tactics: Explore innovative approaches to foster a positive workplace.
4. Representatives from Southeast Professional Development Organization (higher education enrollment and tuition assistance)
5. Representatives from Northeast Professional Development Organization (higher education enrollment and tuition assistance)

Please join us for an engaging session filled with expert advice, real-world examples, and collaborative discussions.

Click [here](#) to register

**\*Please note there has been a registration link change.**

### Certification Update: Outside Service Providers

Providers often have outside agencies or consultants visiting children during the day. This may include early intervention services, special music teachers, speech therapists, sports instructors or even guest readers. These services can add valuable experiences for the children and bring enrichment to your program! However, there should be some thought to the amount of access that you allow to these guests.

- Therapists (Early Intervention, Intermediate Units, speech therapists, PT/OT, etc) who are supporting a child's IEP, IFSP must be allowed access to work with the child. Therapists are employed by outside agencies and have met clearance requirements through their employment. Providers may request, but cannot require, copies of these clearances.
- Schedule short intake meetings with the therapists, and families if possible, at the onset of services to set expectations around communication, scheduling, and goals for the child. Therapists are there to support an assigned child and should not be a distraction for the rest of the children in the class.
- It is encouraged that children remain in the classroom for services. However, if it is not possible for the therapist to deliver services in the classroom effectively, providers should reach out to their regional certification rep. for direction on how to proceed.
- Other visitors not associated with partner agencies, such as guest readers, may not have the required clearances and should never be left alone with children or counted in teacher:child ratio.

- Remember, partners and other visitors should never be counted in teacher/child ratio

## Free Summer Lesson Plans!

Nearly 600 child care providers downloaded 5,202 free lesson plans last summer, saving already short-staffed teachers hundreds of hours in lesson planning and ensuring high-quality learning for 39,971 children statewide. Child care and youth-serving organizations can access Best Day Ever! at no cost again this summer with 11 weeks of all-new lesson plans for preschool and school-aged children.

**BEST  
DAY  
EVER!**

The Learning Lamp developed Best Day Ever! to reduce the burden of staffing shortages and rising costs for child care programs. Lessons are easy to access, use readily available, affordable materials, and come aligned with PA Academic and Early Learning standards. The plans are offered in week-long themed units: 11 preschool and 11 school-age lesson plans are available now to summer programs in Pennsylvania at no cost. The lessons were written and tested by The Learning Lamp's own teachers. A leading provider of out-of-school time learning in south-central Pennsylvania, The Learning Lamp will share all Best Day Ever! units for FREE through August 2024

For more information about The Learning Lamp and its Best Day Ever! 2024 Free Summer Trial, call Kerri at 814-262-0732 ext. 245.

A promotional banner for NAEYC Week of the Young Child. On the left, a red vertical bar contains the text "#WOYC24". To its right is a teal circular graphic with the NAEYC logo and the text "naeyc Week of the Young Child™". The background of the banner features a group of diverse young children smiling and clapping. At the bottom, a red curved banner contains the text "A Week of Fun!" in yellow and "April 6-12, 2024" in white on a blue background.

Every April, the National Association for the Education of Young Children (NAEYC) promotes the Week of the Young Child. This week celebrates the importance of high-quality early learning, and the critical role early childhood educators play in a child's development and learning.

The ELRC would love to see the creative ways you are engaging families, children and other partners in the WOYC activities. Send pictures and stories to your Quality Coach and with your permission, we will add some submissions to the Provider Link newsletter or social media.

It's not too late to take part in this fun week! Visit NAEYC's [website](#) for celebration themes and other resources.

## PQAS Cohort

Have you considered applying for a PQAS certification? The Pennsylvania Quality Assurance System (PQAS) maintains a registry of approved Professional

Development Instructors and Technical Assistance Consultants/Coaches to help ensure that professional development activities and technical assistance meet quality standards. Professionals who receive their PQAS certification can

- enter trainings on the PD Registry
- issue training hours to their own staff which are accepted by certification and Keystone STARS
- partner with the ELRC to deliver PAID trainings to other child care providers.

The ELRC is forming a FREE cohort of professionals interested in becoming PQAS certified to work together through the process. In order to be eligible for this cohort, candidates must:

- work as a childcare provider in ELRC Regions 11, 12, 13, 14 or 16
- be approved at a level C or above on the Career Pathway
- have experience training (formally or informally) others within the last 5 years

The cohort will run for 4 sessions on 4/18, 5/1, 5/16 & 5/30 from 1:00-1:45 pm. If you are interested in joining, please email [estair@cscinc.org](mailto:estair@cscinc.org) to join the registration list.

## The Importance of Family Handbooks

The purpose of a family handbook is to share the policies and procedures of your program with the families that you serve. It's also an opportunity to share your program's strengths and to provide clear expectations so that families can determine if your program will be a good fit for their child.

Family handbooks should be reviewed at least annually and be revised whenever necessary. Requesting input from staff can also be helpful when updating your handbook. They may be aware of trends or concerns that could be addressed with updated policies. If your handbook has been created electronically it can easily be updated and sent out to your families.

Your family handbook is a reflection of your business, your educational philosophy and your daily policies and procedures. It provides clear communication between families, staff and the director and should be updated as needed. If you are looking for a sample handbook or want to know what policies should be included in your handbook, contact your Quality Coach who will provide a variety of samples and resources.

## Childcare Liability Insurance Survey

The Voice of ECE has announced the launch of a Childcare Liability Insurance Survey created by and for early childhood business owners. The survey is open now and closes on April 12, 2024. To access the survey, please [visit this link](#).

The primary objective of this survey is to gain a comprehensive understanding of the experiences childcare business owners have had with liability insurance carriers. They are particularly interested in gathering information on changes in premiums, coverage issues, or policy cancellations/non-renewals. Your feedback will play a crucial role in identifying areas for improvement, ultimately ensuring that childcare facilities are adequately protected.

Your time investment is greatly appreciated and as a bonus, two participants will be chosen randomly to win a \$100 gift card, thanks to the generosity of PennAEYC.

---

## Parent Project Podcast

Community Services for Children has been hosting the Parent Project Podcast to engage families in areas of common concern for parents. Experts provide perspectives on topics of health & safety, mental health, child transition and other important subjects.

Please consider sharing these podcasts with the families in your program!

This month, we are joined by Susan Lettera, former Director of Lehigh County Integrated Services. Susan shares her expertise regarding family group decision making. Families know best what their children need and can work with a coordinator to assist in decision making process. Click [here](#) to listen.

---

## Health & Safety

---

### April is Child Abuse Prevention Month

National Child Abuse Prevention Month recognizes the importance of families and communities working together to prevent child abuse and neglect. Prevention services and supports developed by this collaboration can help parents, other caregivers, and communities protect children and strengthen families.

For the month of April, we encourage you to promote child abuse prevention awareness with your networks.

- Use #ChildAbusePreventionMonth in your social media posts
- Wear Blue on Friday, April 19th to show your support of Child Abuse Prevention
- Share this website with families enrolled in your program. There are lots of great articles and videos to support parents facing the challenges of parenting. [Discipline Tips for Toddlers, Kids, Teens & Tweens - GetParentingTips.com](#)
- Host a refresher of PA Mandated Reporter training for your teachers during your April staff meeting.

---

## Talking to Children about Visiting the Dentist

Children need to visit a dentist or dental clinic to keep their teeth and mouth healthy. If children have regular dental visits, the dentist and dental hygienist can take care of their teeth and find oral health problems early. Having regular dental visits also teaches children to value good oral health. Click [here](#) for more information and for tips to share with families about preparing their child to visit the dentist.
